

Navigation tips for viewing PCS documents

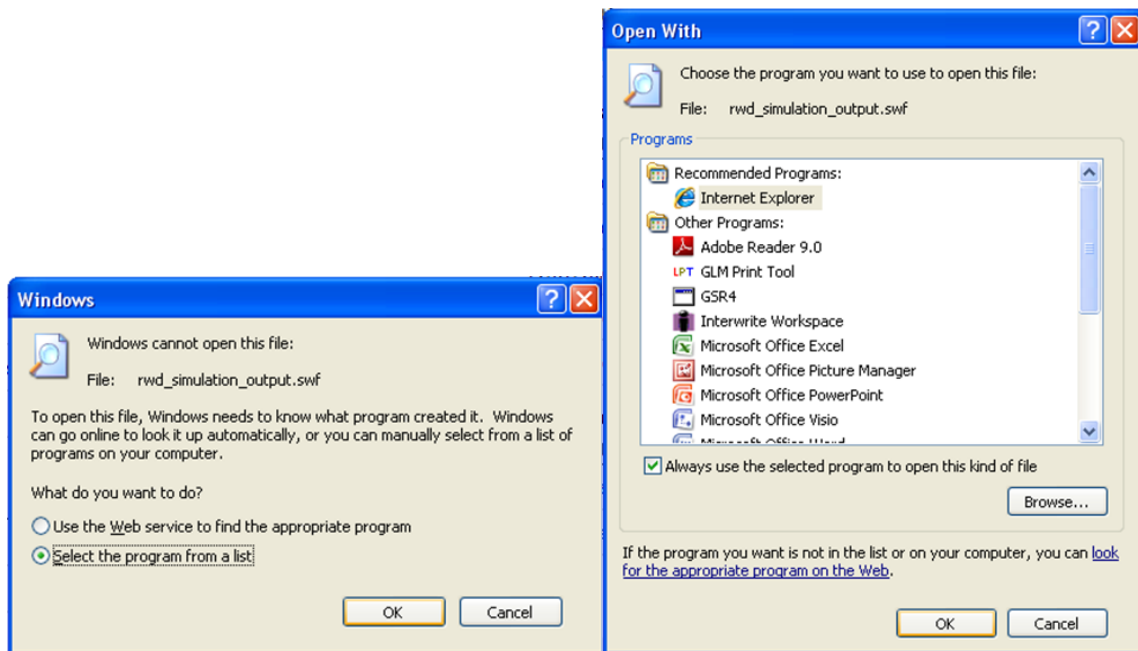

- The simulation files are very large. You might wish to “right-click” on the file and download it to a local file before viewing.

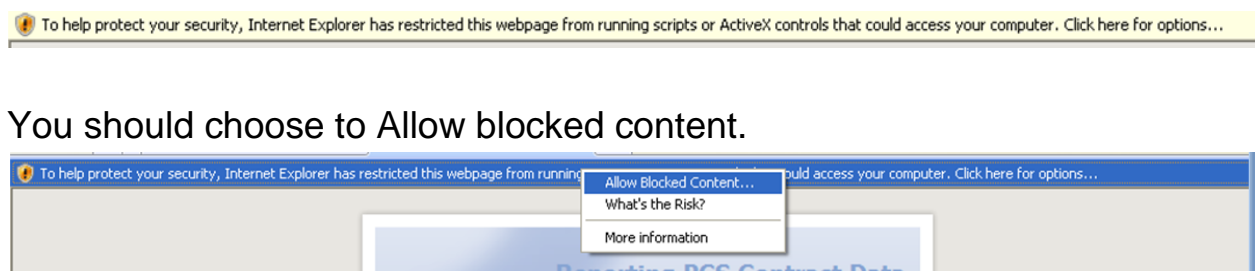

Create PCS Contract Amendment Submission Standard Agency - Agency Submission Business Process

- When you select the link from the Website, or open the file, one of the following scenarios may occur:
- If you see this screen displayed, you must open the file using Internet Explorer.

- You may be asked to enable the “Active X” functionality on your computer.

If you have questions, please use the Office of State Procurement contact information provided on this Website.
